

## BOUGAINVILLE COPPER LIMITED ANNUAL REPORT

Incorporated in Papua New Guinea A.R.B.N. 007 497 869

**The Company**

From 1972 until 1989 when operations were suspended Bougainville Copper Limited operated a large open pit mine and processing facility at Panguna on Bougainville Island in the North Solomons Province of Papua New Guinea producing copper concentrate containing significant quantities of gold and silver. On 15 May, 1989 production was brought to a halt by militant activity.

In the eighteen years prior to 1989, the mine had produced concentrate containing 3 million tonnes of copper, 306 tonnes of gold and 784 tonnes of silver. The production had a value of K5.2 billion, which represented approximately 44 per cent of Papua New Guinea's exports over that period. Contributions to the National Government in the form of taxes, duties and dividends were approximately 17 per cent of internally generated Papua New Guinea Government revenue during that time.

A total of K1,088 million was contributed to the National Government, which represented 62 per cent of the net cash generated by the project between 1972-1989. In addition, payments to the North Solomons Provincial Government and Panguna landowners, together with provisions made since 1990, amounted to K114 million. Further, the company's presence in the North Solomons Province had promoted the development of significant local business enterprises to provide goods and services required for the mining operation and for the residents of the province.

Company training programs for some 12,000 employees, including approximately 1,000 completing full trade apprenticeships and some 400 completing graduate and post graduate studies, had previously resulted in considerable progress in the localisation of the company's employees and also added significantly to the number of skilled workers elsewhere in the country's work-force. At the end of 2007, the company had no employees. The activities of the company are managed on a contracted services basis by a small team of Rio Tinto Minerals (PNG) Limited staff based in Port Moresby.

Since the suspension of mining operations the company has retained, in good standing, its mine lease and other leases on Bougainville.

Bougainville Copper Limited is owned 53.58 per cent by Rio Tinto Limited. The Papua New Guinea government owns 19.06 per cent, while public shareholders hold the remaining 27.36 per cent of the share capital.
